Professional Experience

School | Captain of my house
2019-2020

I was the captain of my house for the past year, and during that time, we won the best house trophy. I am proud of this accomplishment, and I believe that it is a testament to my management skills. I was good at academics and sports as well as other extra curricular activities.

Senior College | Class Representative
2022-2023(First year)

I was the CR of my branch this year. As CR, I was responsible for leading my house to victory in a variety of competitions. I did this by setting clear goals, motivating my team, and providing them with the resources they needed to succeed. I also made sure to create a positive and supportive environment, where everyone felt comfortable contributing their ideas. I made sure our class was united at all times. In the 6 months of my first year i have participated in multiple cultural, sports and tech events out of which i have won the 100m and relay races, iottraurna hosted by GDSC in Crescendo and fashion show in Euphoria. Besides i was also heavily involved in managing the dance of the NAAC cultural event and the class dance for euphoria.
